CERTIFICATE no 311/2012 – TPC-19 ATTESTATION

CARB requirements conformity attestation no ITD 311-2/2017

Under executive order of California Air Resources Board no. W-16-019* issued on the basis of regulations contained in section § 93120 Title 17 California Code of Regulations

Instytut Technologii Drewna

(Wood Technology Institute)

1 Winiarska Str.

60-654 Poznań

on the basis of Contract no 265/2017 which replaces the contract no 188/CCWPD/2014 for continuous supervision of the production of wood-based panels in the scope of formaldehyde emission, concluded with the Company

ODEK Ukraine LLC

9 Zavodska Str., Orzhiv, Rivne Region

35 313 UKRAINE

carried out in the second half of 2017 year an independent external control encompassing inspection of operation of the Company's quality control system, operation of the Company's laboratory for product quality control, and correctness of tests for formaldehyde emission from/content in the produced wood-based materials conducted within the framework of internal control of the factory production.
Based on the obtained results (Test report no 265/188/FH/2017-2) Institute states that the product under supervision, i.e.

Hardwood Plywood (HWPW)

compliant with EN 636 standard and EN 13986 standard

in the range of thickness 4 – 40 mm

product name: **plywood for use in external conditions, glued with the use of phenol-formaldehyde resin (PF) – CARB, ULEF**

fulfills CARB formaldehyde emission requirements envisaged for **Phase 2** and set forth in document § 93120.2 (Table 1), provided that the provisions of effective Contract no 265/2017 are observed.

This Attestation confirms the validity of Certificate no 311/2012 – TPC-19 and is effective until 1st day of June 2018 on the understanding that the results of the audit scheduled for the next quarter are positive.
